Exhibitor Manual

Dear Exhibitors,

Welcome to **World Seafood Shanghai 2024 (18th Shanghai International Fisheries and Seafood Exhibition)**! This Manual is made to establish and maintain transparent and enforceable rules, which will enable all exhibitors to realize a distinctive presentation at **World Seafood Shanghai (SIFSE) 2024**. In addition, the Organizer hopes to accommodate an open and clear exhibition, safeguarding the image **World Seafood Shanghai (SIFSE) 2024** as a whole.

This manual mainly describes the schedule of show activities, transportation, booth construction, accommodation, etc. In order to allow full preparation, please make sure of relevant sections, timetable, on site precautions, etc. There are deadlines for the matters to be handled in all order forms. Please submit relevant forms before the deadline, to ensure that all requests can be implemented effectively and timely.

Please note:

Surcharge will be imposed on any overdue or on site application. Late Order - 50% surcharge will be imposed after Aug. 5th, 2024.

If you need any advice or assistance, please do not hesitate to contact our exhibition team, we will be happy to help you in any case.

Time table of exhibitors, please log in your [exhibitor account](#) to download forms and submit your orders (Please read this manual carefully for more details):

DEADLINE	FORMS		REMARKS
9 August, 2024	Form 1:	Event Guide Company Listing (Company Profile Details)	Must be submitted by all exhibitors
5 August, 2024	Form 2:	Raw Space Stand Contractor Registration Form	Must be submitted by raw space stand exhibitors
	Form 3:	Raw Space Stand Contractor Liability Insurance	Must be submitted by raw space stand contractors
	Form 4:	Safety Commitment of The Erecting Contractor	Must be submitted by raw space stand contractors
	Form 5:	Order Utilities (Electrical, Air, Water)	Must be submitted by raw space stand contractors or high-power cooking or heating equipment shell scheme stands
	Form 6:	Rigging Points Application Form	Optional (Only for above 54m ² Raw Space stand)
5 August, 2024	Form 7:	Order Stand Furnishings (Furniture, Floral)	Optional
15 August, 2024	Form 8:	Refrigerator Rental Form	Optional
12 August, 2024	Form 9:	Transportation Service for Machinery and Equipment	Optional

Cautions:

1. The height limit of the self-built booth in this exhibition is 4.4 meters (single-layer, double-layer structure cannot be built in this exhibition). According to the latest notice of the New International Expo Center on the safety supervision of the exhibition, all special booth construction plans must be reviewed and approved by the third-party safety supervision unit.
2. According to the requirements of relevant departments, all specially equipped booths need to install a one-key alarm device and a one-key alarm visual intercom device on the booth to achieve second-level response and multi-level linkage needs, please install relevant equipment before August 27, 2024.
3. Non-combustible or flame-retardant B1 materials must be used for construction and decoration. Flame retardant B1 grade materials must provide a test report and proof of supply, and be stamped with the official seal of the exhibitor or contractor. (For example, the carpet must be flame-retardant B1 carpet; It is recommended to use flame-retardant boards for wood boards, such as ordinary wood boards, which must be fully coated and thickly coated with fire-retardant coatings and have flame retardant B1 combustion performance; Decorative cloth and curtain shall be flame retardant cloth and curtain or fully soaked in flame retardant to achieve flame retardant B1 performance).
4. The Organiser will set up the designated "food residue" collection points in each hall. All exhibitors must dump the waste oil / food residue which be produced during the cooking process at these designated collection point. Violators will be fined of RMB 50,000.
5. The shell scheme power socket rated is only 500W and are not 24-hour electricity. If the exhibitors use the high-power cooking or heating equipment in your booth, exhibitors should apply for one more separated distribution box by themselves before the deadline. All on site application will charge 100% emergency fee.
6. If you need a freezer, please contact the designated service provider of the organizer for rental, and the organizer will reserve the electricity for you for 24 hours free of charge. If exhibitors bring the refrigeration equipments by themselves, exhibitors must order the 24hours power for these equipment. Otherwise when the exhibition end at night, venue will cut off your stand power. In order to avoid unnecessary trouble, Please log in to your [exhibitor account](#) to order it.
7. Surcharge will be imposed on any overdue or on site application. Late Order - 50% surcharge will be imposed after Aug. 5th, 2024. On-site applications for facilities will be subject to availability, and full acceptance is not guaranteed. Please apply before the deadline to avoid unnecessary fees.
8. During move-in and move-out period, construction waste such as KT board and low-pressure plastic paper must be taken away from the exhibition hall and cannot be left behind. If there are any violations of the regulations, exhibitors of space only booth will be deducted from its booth deposit; and exhibitors of standard booth will bear the transportation costs of the garbage generated.
9. No Exhibitor may use their own air compressor or pressurized containers within the exhibition hall. For hiring of air compressors, please log in your [exhibitor account](#) to submit your order.
10. If there are machinery and equipment or high-power heating equipment in the raw space booth, the lighting electricity and machine electricity shall be applied separately; For details, please log in your [exhibitor account](#)!
11. Since 2021, the New International Expo Center has provided electrical fire monitoring boxes for the secondary electrical boxes for lighting electricity by the exhibition hall, and exhibitors and builders who declare lighting electricity do not need to carry their own secondary electrical boxes (sub-circuit electrical boxes), and this part of the cost has been increased to the cost of electric boxes for lighting. The price of the declared power electric box remains unchanged, and the exhibitor or builder needs to prepare the secondary electrical box by yourself.

GENERAL PROVISIONS FOR THE EXHIBITION

D

D1	EXHIBITION STAND ACTIVITIES AREA
D2	ON SITE FOOD SAMPLING AND CULINARY MANAGEMENT
D3	MANAGEMENT OF BADGES
D4	DELIVERY OF EXHIBITS
D5	AUDIO-VISUAL PRESENTATIONS
D6	INSURANCE
D7	LIQUID COOLING EQUIPMENT AND NORMAL MACHINE DEMONSTRATION
D8	CLEANING & GARBAGE DISPOSAL
D9	CHILDREN
D10	ENVIRONMENTAL GUIDELINES

Once an exhibitor signed the booth contract, this indicates that the exhibitor agrees and will comply with all rules and regulations in this manual. The exhibitor must ensure that its contractor also understands and will follow all the rules and regulations in the manual.

D1. EXHIBITS AND EXHIBITION STAND ACTIVITIES AREA MANAGEMENT

Exhibits: Exhibits must meet the theme of our exhibition and the requirements of relevant laws in China; If not, the the Organizer has the right to close the booths.The Organizer will hand over the illegal exhibitors to the relevant law enforcement to process.

Exhibition Stand Activities Area: Exhibitors can't use any area outside the boundaries of their stand for displays or promotional activities. The Organizer has the right to remove all items from public area or charge for the additional space used. Failure to adhere this guideline may result your stand be closed.

D2. ON SITE FOOD TASTING AND CULINARY MANAGEMENT

on site Food Tasting:

Organizer allows exhibitors to provide a few amount of tasting samples for visitor to taste on site, but doesn't allow any kinds of selling activities in the exhibition hall.

on site Food Tasting: In order to reduce the risk for the cross-contamination, all on site food sampling action should do the following rule:

1. All tasted food which is provided by exhibitors must comply with the "**People's Republic of China Food Law**". It is forbidden to provide food which does not conform to the relevant food safety standard for visitor to eat. If it happened on site, the Organizer will immediately notify and hand over to the relevant law enforcement departments to deal with, all the legal consequences and the resulting economic losses shall be borne by the exhibitors.
2. The exhibitors must provide a clean area for the food processing. All processing equipment must go through the necessary cleaning and disinfection treatment. The person who will process the food must take necessary sanitary measures (such as wearing a mask/food processing gloves/hats, etc) . Anyone sick shall not participate in food processing or distributing job.
3. Food should be placed to be sampled where the exhibitor can see it and therefore supervise visitor. The exhibitors must provide the cleaning and health tableware for visitors to use.
4. To avoid providing large quantity of tasting food, all tasting food should be finished eating up in short time. Inedible food must scrap processing.
5. Exhibitors should set up a dedicated waste food waste bin, and should inform visitors where to throw the garbage.

on site Food Cooking:

1. Not allowed use the fire on site. In the exhibition hall only allow to use such as induction cooker/microwave oven/oven and other heating equipment. All heating equipment must have someone to operate or care, visitors are not allowed to use the equipment.
2. A striking "Do not close" logo or 1 meter distance exclusion zone should be set up in front of the on site cooking or heating equipment area. To avoid the visitor being too close to the cooking area will lead to accidental accidents.
3. The Organiser will set up the designated "food residue" collection points in each hall. All exhibitors must dump the waste oil/food residue which be produced during the cooking process at these designated collection point. Violators will be fined of RMB 50,000.

D3. MANAGEMENT OF BADGES

During the period of both booth construction and dismantling, all related personnel shall wear valid badges when entering and leaving the exhibition hall.

1. Exhibitors' Badges

The Organizer will begin issuing exhibitors' badges at 13:00 on 26 August, 2024. Exhibitors are to claim their badges at the registration counter of 1# Entrance Hall(South Registration Hall) or 2# Entrance Hall(North Registration Hall) in Shanghai New International Expo Center (No. 2345, Longyang Road).

Note: Please print *Exhibitor Registration Voucher* and hand it to personnel when you pick your badges up. Exhibitors' badges shall be used by exhibitors during the exhibition only. During the period of booth construction and dismantling, exhibitors shall wear badges when entering the exhibition hall. Contractors and other suppliers shall carry work permits, which are valid only during the construction and dismantling. Guests invited by exhibitors should wear visitor badges. Exhibitors or guests can pre-register online before the exhibition, and the registration method can be paid attention to the official website.

2. Freight Vehicle Waiting Pass

All vehicles entering the Shanghai New International Expo Center for deployment and dismantling during the exhibition must apply for *Freight Vehicle Waiting Pass* online. Starting from the week before the move-in (expected on August 19), exhibitors can apply online on the official WeChat account of "Shanghai New International Expo Center" for specified 3 time periods [(1) before 07:00; (2) 09:30-16:30, (3) after 19:00]. Please note that the *Waiting Pass* will be issued while stocks last! All incoming freight vehicles should enter the system in advance to register the information of the vehicle and the certificate personnel according to the designated admission batch, and then the certificate handling personnel will print the "Waiting Permit" and enter the waiting yard in turn with the certificate.

3. Freight Vehicle Pass

For any vehicles involved in transporting machinery, equipment and construction materials, the **Pass for a Freight Vehicle to SNIEC Parking Lot** is required for both the periods of construction and dismantling. The driver holds the *Vehicle Pass* to the door of the unloading area, and the staff checks the vehicle license, and the check is given to release.

How to get the vehicle pass:

- a. Apply for a vehicle license based on the deposit receipt, fill up the application form
[Click to download the "Vehicle Pass Application Form"](#)
- b. Submit the required receipt
- c. Pay 50 RMB for pass and 300 RMB for deposit
- d. Swipe the pass when you enter & exit from the loading bay
- e. Refund the deposit if no exceeding time.

From August 26 to 27, 2024, you can go to the Certificate Processing Center in the East Plaza/South Plaza of the exhibition hall to apply.

4. Contractors' Work Permits

All booth construction workers should go through real-name certification procedures by registering at the following website of Shanghai New International Expo Center by 2 August, 2024.

http://www.sniec.net/organize_contractor.php

D4. DELIVERY OF EXHIBITS

Throughout the whole exhibition period, the exhibitor shall assign their staff to guard exhibits; the host unit is not liable for loss or damage of exhibits or personal care items due to the unfavorable guard. Any exhibits can't leave the booth before the official closing of the exhibition. Each loading area/cargo passageway will be closed during the exhibition. After the closing of the exhibition, exhibitors can go to the South Registration Hall/North Registration Hall after 14:00 to apply for the export form for exhibits. Venue security staff will check each exit sheet for exhibits.

D5. AUDIO-VISUAL PRESENTATIONS

Exhibitors should make sure all audio-visual display equipment must be positioned and the sound level adjusted so as not to annoy other exhibitors or visitors. The maximum permitted noise level can't exceed at 60dB(A). The Organizer reserve the right to require any audio-visual presentation or other equipment which detrimental or offensive to be disconnected or discontinued.

D6. INSURANCE

Before signing the setup contract with a booth contractor, the exhibitor must check the qualifications of the contractor (whether they have purchased a full amount of exhibition insurance to avoid the risks that may be encountered in the exhibition)

Exhibitors are responsible for taking out exhibition liability insurance against injury to persons and property of others on their stand, along with their exhibits and merchandise moving to and from the show and during the show. Each exhibitor should have a valid and adequate insurance cover of no less than RMB 5 million (US\$ 0.6 million) against public liability. Exhibitors should contact their insurance broker to cover their exhibits and exhibit materials. The Organizer will not be held responsible for any loss of or damage to, exhibits and personal items.

Exhibitors are reminded of their responsibility for their representatives, which also includes their contractors and sub-contractors.

The Organizer has appointed the risk consultant of **Changan Liability Insurance Co., Ltd.** as the risk assessment and insurance agent of this exhibition, and provides professional insurance services for exhibitors:

Contact Person:

Xue Sanyuan Mobile: +86 13387196021 E-mail: 13387196021@163.com

Guo Feng Mobile: +86 13308611521 E-mail: 13387196021@163.com

D7. PRECAUTIONS OF on site MACHINERY AND EQUIPMENT DEMONSTRATION

1. After the arrival of machinery and equipment at the exhibition hall, the exhibitor need to arrange staff to check and assemble the equipment, and start the equipment only after ensuring that after the relevant safety equipment is proper;
2. Electricity for machinery and equipment must be connected by the relevant qualified electrician, and all the wires shall be connected in a standardized and firm way in order to avoid damage to the equipment due to loosening during operation; all power circuits shall be equipped with electric shock protection device;
3. The cable or pipeline of equipment exposed outside due to connection shall be covered by a bridge plate to avoid not stumbling others, resulting in harm;
4. Machinery shall be applied with lubricants in accordance with the safety regulations; if there is fuel spilled on the ground in the pouring process, remove in time, and set up a warning sign at the location spilled;
5. Exhibitor shall set in an appropriate safe distance around machinery and equipment for demonstration or operation, to remind audiences to watch the equipment demonstrations at a safe distance; and post relevant warning signs prominently to inform visitors to take care;
6. Related demonstration equipment shall be operated by a specially assigned person, and the demonstration process shall be guarded by a safety commissioner; it is prohibited to operate without machinery and equipment without permission in the absence of the guidance of a specially assigned person;

D8. CLEANING & GARBAGE DISPOSAL

The Organizer will arrange for the general cleaning of the exhibition hall and all shell scheme stands, prior to the opening of the exhibition and daily thereafter. For raw space stands, exhibitors must arrange daily cleaning of their stand by themselves. All disposals of waste materials etc. during the move-in period is the responsibility of the raw space stand contractors concerned. Disposal of contractor's waste materials by the Organizer will result in the contractor's deposit being forfeited. In the case of 'ready stand' exhibitors bringing in shelving and stand fittings, these cannot be left behind at the close of the show. It is the exhibitor's responsibility to dismantle all stand fixtures built or brought in by themselves and remove all waste materials from the Center at the end of the show. Failure to comply will result in a charge for the labor and trucking required to dispose of the material.

During move-in and move-out period, construction waste such as KT board and low-pressure plastic paper must be taken away from the exhibition hall and cannot be left behind. If there are any violations of the regulations, exhibitors of space only booth will be deducted from its booth deposit; and exhibitors of standard booth will bear the transportation costs of the garbage generated.

D9. CHILDREN

The Fair is open to buyers and trade visitors ONLY. The Organizer will enforce this regulation. This includes the build-up period as well as the exhibition; if you are an overseas exhibitor traveling with your family, please note this point. Health and safety and liability regulations prohibit visitors under 18 yrs. in the halls at all times, either as a visitor or exhibitor and there will be no alternative facilities provided.

D10. ENVIRONMENTAL GUIDELINES

All attendees shall act the role of protecting environment. Here are some tips helping you to participate in the exhibition more environmentally friendly, by reducing amounts and re-using.

1. Make reasonable plan for quantity of distribution. Please do not print and transport materials more than the quantity you need.
2. Use environmentally or recycled materials as many as possible. Make reasonable plans for your booth design and construction. Reduce wooden materials as many as you can, but use assembled materials instead so that you can reuse them. Don't use plastic bags to distribute promotional materials. Give up advertisements and signage in PVC but use cotton or paper instead.
3. Use no toxic, volatile paint and glue for construction. And use CFL or LED light as much as possible. Recycled carpet is preferable.
4. Reduce use of packaging materials and paper boxes to the minimal quantity.

STANDARD SUPER SHELL STAND (NOT TO SCALE)

(Number of panels depends on dimensions of stand, one panel per 1m)

International Group Pavilion – 9 sqm

The followings are included in shell stand:

1	Stand Walls	5	One Information Counter, One Round Table
2	9 m ² Needle Punch Carpet	6	Four folding chairs

F9	OTHER CONSIDERATIONS
F10	MOVE-OUT INSTRUCTIONS

The exhibitor shall appoint a contractor or himself to build (If the exhibitor will build the booth himself, such exhibitor shall be treated as a contractor) the booth, the exhibitor or the contractor must fully understand and follow the construction regulations developed by the Organizer.

F1. CONTRACTOR INSURANCE

Each raw space stand contractor must have valid insurance coverage for minimum RMB 5 million (US\$ 0.6 million) against exhibition public liability insurance for the entire move-in/out and show period. Individual stand contractors are required to present the certificate to the Organizer before 5 August, 2024. The Organizer reserve the right to refuse access to stand contractors that fail to do so. For details, please contact:

Changan Liability Insurance Co., Ltd.

Xue Sanyuan Mobile: +86 133 8719 6021

Email: 13387196021@163.com

Guo Feng Mobile: +86 133 0861 1521

Email: 13387196021@163.com

F2. STAND BUILDING HEIGHT

Standard height of shell scheme is 3.5m. The organizer does not allow the renovation of standard booths under 18 square meters (removal of fascia/heightening/laying of floors/floors and other structures, etc.)

The maximum height of booth decoration for the raw space booth is 4.4m.

Double deck stands, arched doors, roofs or Neon lights are NOT allowed at this event.

F3. CONTRACTOR DAMAGE & PERFORMANCE DEPOSIT

All booth contractors of raw spaces must submit the following documents to

Shanghai SERVE Exhibition Co., Ltd. by 5 August, 2024:

- 1) Booth Design Plan/Business License of the Contractor/ Electrician's Certificate.
- 2) Form-2 Raw Space Stand Contractor Registration Form (download from your [Exhibitor Account](#))
- 3) Form-3 Raw Space Booth Contractor Liability Insurance (download from your [Exhibitor Account](#))
- 4) Form-4 Safety Commitment of The Erecting Contractor (download from your [Exhibitor Account](#))
- 5) Form-5 Order Utilities (Electrical, Air, Water) (order on your [Exhibitor Account](#))
- 6) A exhibition public liability insurance policy taken out and maintained for the duration of the exhibition with compensation of no less than RMB 5 million, or an equivalent insurance policy.

Raw space stand design plan checking

These contractors, after having submitted the documents and paid **Shanghai SERVE Exhibition Co.,Ltd.** management fees, construction deposit, and fees for electric box, compressed air and other items, can claim their construction work permits at the Accreditation Center at the south square of the Expo area on 25-27 August, 2024. (SNIEC South Badge Issue Center)

Construction management fees (to the official contractor): RMB 30/sqm.

Construction Work Permits: RMB 50 each

Deposit for booth construction (bear by the Contractor):

RMB 20,000 for a space of less than and equal to 36 Sqm;

RMB 30,000 for a space of 37 Sqm-143 Sqm;

RMB 40,000 for a space of more than 144 Sqm.

Account Name: Shanghai SERVE Exhibition Co.,Ltd.

Bank Name: ICBC Shanghai Branch United Building Subbranch

A/C No.: 1001 2605 0922 4869 948

There is no injury incident in the process of booth construction; Upon the completion of the exhibition, exhibitors shall dismantle their booths and transport all construction materials and waste away from the exhibition venue, and make sure no damage is made on the facilities of the exhibition hall. The security department of the exhibition hall will verify the situation, and stamp the deposit slips; the Official Contractor will refund the deposit within 30 work days thereafter.

F4. SAFETY AND FIRE REGULATIONS FOR RAW BOOTH CONSTRUCTION

The staff of the exhibitor or the contractor in the raw booth must fully understand and unconditionally observe the following safety regulations.

- The contractor must ensure of safe and secure booth structures, and be fully responsible for the booth quality and safety during the construction to avoid booth collapse, injury, exhibition facility damage and other conditions caused by design or construction problems.
- In the construction process, a herringbone ladder cannot be used and a solid working platform shall be used for high-altitude operations above 2m. During high-altitude operations, workers shall properly wear safety helmets (helmet harness must be tied to the neck) and the safety rope shall be properly fixed on the working platform.
- All carpets used in the raw booth must be fire-retardant carpets. Booth wooden structures must be fireproof treated (applied with fire retardant coating). Power supply connections must be standardized, and private wire access is not permitted. Light boxes and other heating equipment must be provided with heat exhaust vents.
- In the construction process, do not use any heating equipment and forbid the use of welding equipment or other smoke substances. Do not apply paint or conduct paint operation inside the exhibition hall.
- In the booth construction process, no matter under what circumstances, fire alarms, fire extinguishers, fire hydrants, security doors and other equipment and channel must remain intact and smooth. **Organizer requires that the raw space booth shall be equipped with fire extinguishers in such manner that the larger the exhibition area, the more should be equipped.**

F5. INSTALLATION REQUIREMENTS FOR ELECTRICAL EQUIPMENT

1. Certified electricians must complete installation of electrical wire and electrical equipment. It is prohibited illegal operations by undocumented workers. All operations must comply with the relevant National Electrical Code. If any problem occurs, the contractor will bear all the responsibility and consequences.
2. The distribution box used in the booth must be placed within the booth. It is prohibited to place the distribution box in the aisle. Laid electrical wires shall be provided with metal pipes or flame-retardant PVC pipes for protection, and a safe distance (0.5 meters) between the lamp and combustible material shall be ensured.
3. Electrical wires must be equipped with shunt switches, and shall be provided with bridge plates for security protection when passing through the aisle.
4. It is prohibited to place flammable and water dispenser around the distribution box. It is prohibited to move the fixed electrical box facilities in the hall without permit. All electrical wires shall be balanced with the capacity and shall be laid overhead or with effective protection measures, and the load equipment shall be provided with good grounding equipment.
5. The laid wire shall be sheathed and must be connected with dedicated connector. In addition to the cap line, flexible cord shall not be used. It is prohibited to use electrical equipment easy to produce heat and high temperature lamps.
6. The contractor is required to strictly observe the above regulations, and the venue management shall reserve the right to respond appropriately to any violations (such as cutting off the power supply, etc.)

F6. DESIGN AND DRAWING APPROVAL PROCESS OF RAW BOOTH

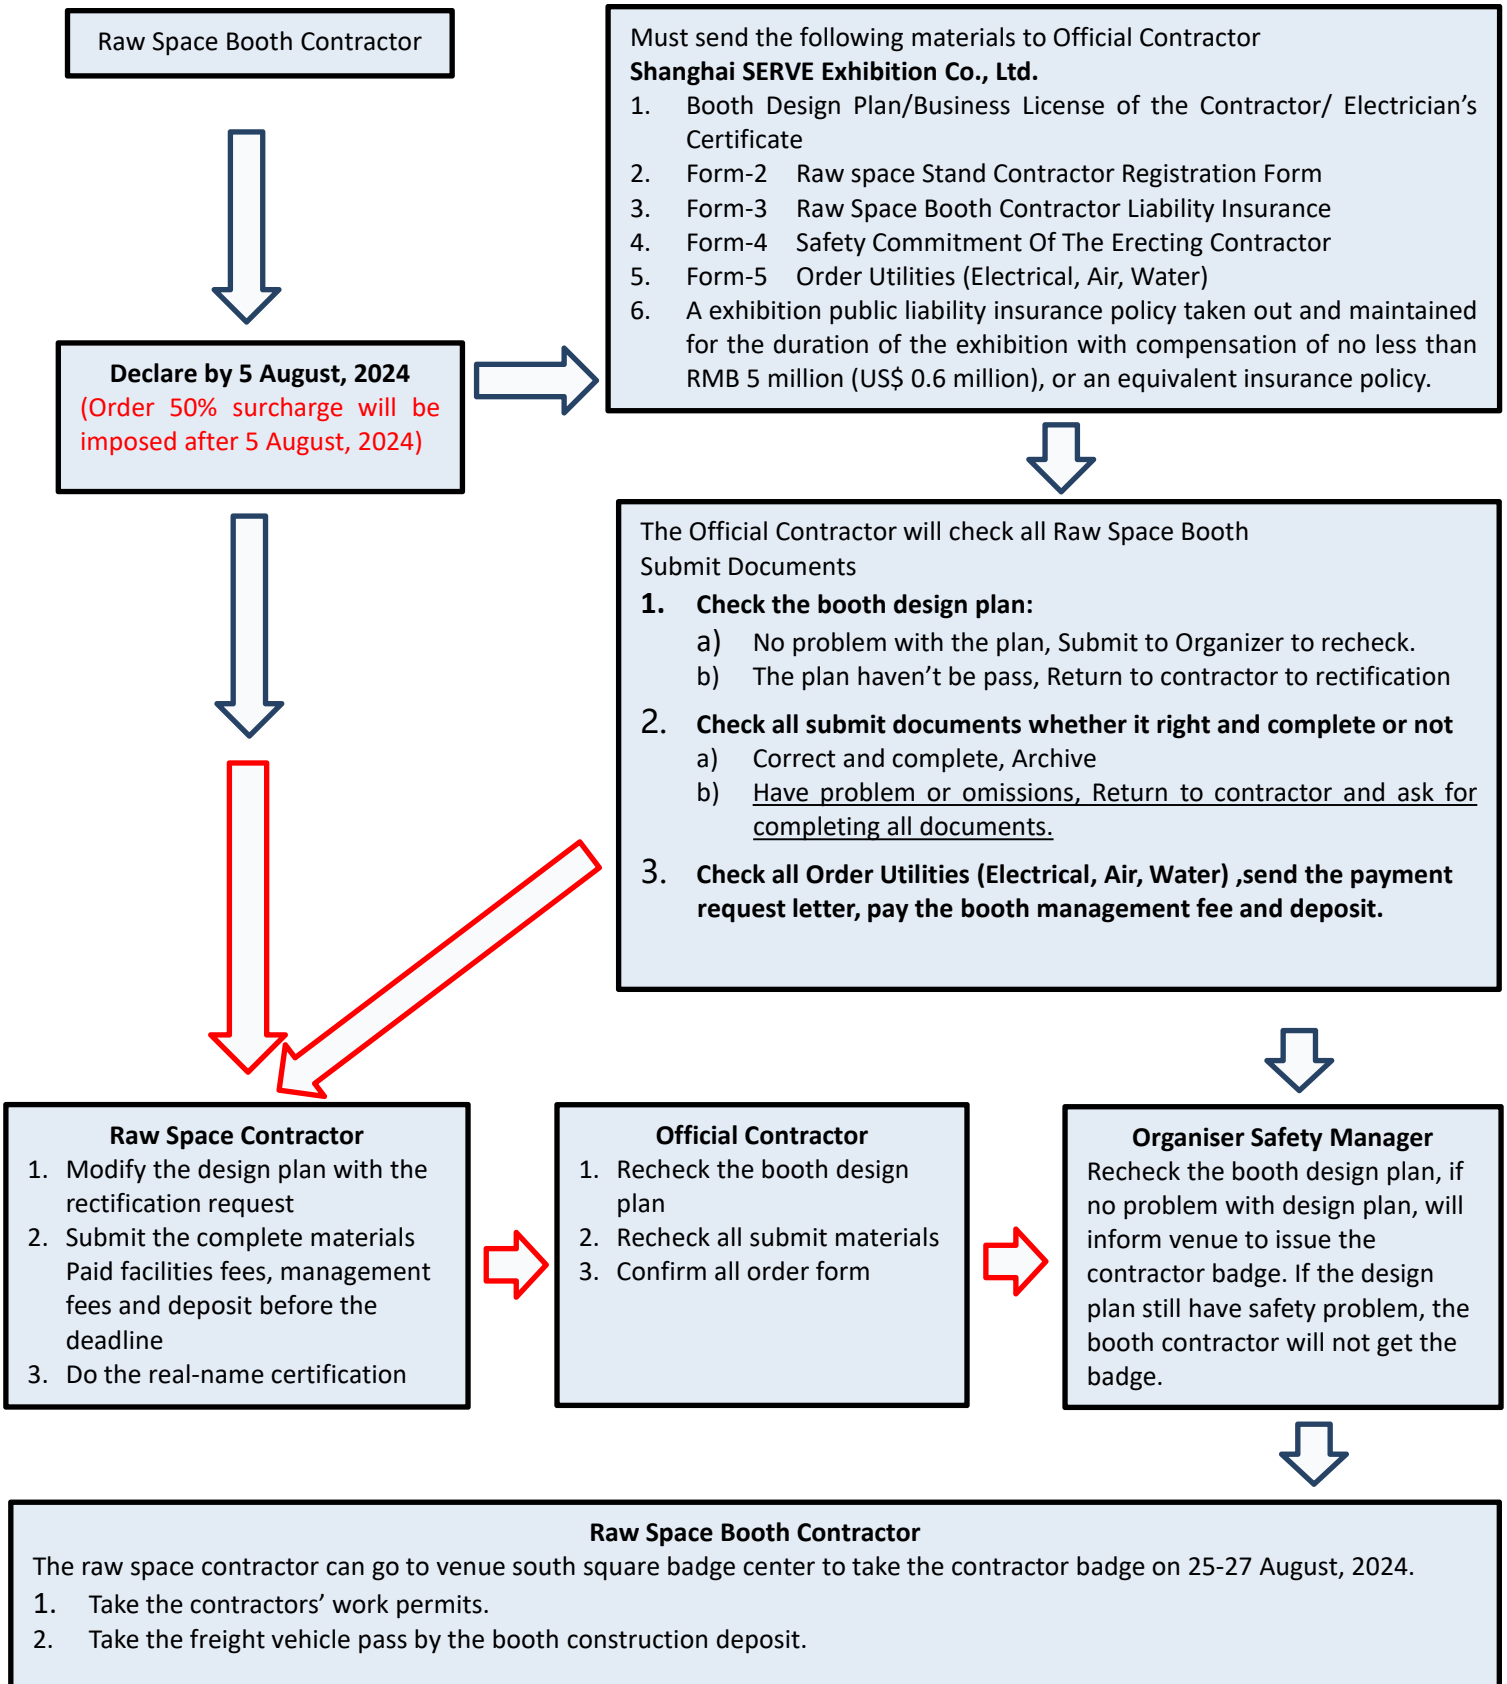

For the construction safety, the raw booth contractor shall submit a booth design program to the Official Contractor for approval. The booth design program for approval must include:

- Triple-view design sketch (front/top/side view).
- All dimensions, walls and the main exhibit plan shall be clearly marked.
- Facility location drawing in the top view (electrical box/compressed air/water supply and drain/network locations).
- Materials and fire details.
- Copies of electrician certificate.

All drawings should be in a recognized scale not less than 1:50. All plans are to be emailed, before: 5 August, 2024 in JPG or PDF format to Official Contractor: **Shanghai SERVE Exhibition Co., Ltd.**

PS. AFTER THE RAW SPACE BOOTH DESIGN PLAN BE APPROVED BY ORGANISER, THE CONTRACTOR BADGE AND CARGO TRUCK PASSPORT WILL BE ISSUED TO BOOTH CONTRACTOR.

DESIGN AND DRAWING APPROVAL PROCESS OF RAW BOOTH

F7. AIR COMPRESSORS / PRESSURIZED CONTAINERS

No Exhibitor may use their own air compressor or pressurized containers within the exhibition hall. For hiring of air compressors, please contact the Official Stand Contractor, **Shanghai SERVE Exhibition Co.,Ltd.**

F8. PERSONAL PROTECTIVE EQUIPMENT (PPE)

Correct footwear protecting against nails, debris and etc. are required for exhibitors/contractors working in the exhibition center during build-up and dismantling. Reflective safety vests are mandatory for all personnel including exhibitors during stand construction period. This manual is subject to change at the discretion of the Organizer. The contractors who work high above the ground are required to have any other PPE, which are needed for their work, such as gloves, goggles, masks, and earplugs.

F9. OTHER BOOTH SET-UP NOTICE

1. No nailing, drilling, painting or fixtures of any kind are allowed on the partitions, floor, ceiling or any hall structure. Exhibitors will be liable for any damage to their stands, fixtures & fittings and the exhibition venue.
2. All booth bared back wall must be covered with white banner cloth to cover. The covered materials must be smooth and beautiful; Any kinds of logo or slogan are not allowed appear on the covered materials. The Organizer will require the contractor to rectify. If refused, the booth deposit will be deducted, still the booth power will be turn off. The Organizer has the final right to interpret it.
3. Exhibitors and their stand contractor shall be responsible for dismantling and remove all building materials. If you fail to strictly enforce the deposit will be confiscated.

F10. MOVE-OUT INSTRUCTIONS

Exhibitor and their booth contractor can't break down any part of their stand before the exhibition end at 14:00 on 30 August, 2024. The official freight forwarder will send the empty package box to your booth before the exhibition end. Exhibitors can use the badge to handle the release form in north/south entrance counter. Without the release form, your cargo will not be allowed to take away.

All exhibitors must comply with and respect this provision, so as not to affect the sales activities of other exhibitors and the safety of the audience before the end of the show.

Note: During move-in and move-out period, construction waste such as KT board and low-pressure plastic paper must be taken away from the exhibition hall and cannot be left behind. If there are any violations of the regulations, exhibitors of space only booth will be deducted from its booth deposit; and exhibitors of standard booth will bear the transportation costs of the garbage generated.

- By Sea freight to Shanghai Port AUG. 12, 2024
- By Airfreight to Shanghai Airport AUG. 12, 2024

(Do not use House AWBs, ship only on direct Master Air Way Bills, otherwise we will surcharge RMB 1200.00/per shipment.)

IV. MARKING

The following marking must be painted on two opposite sides of each case

EXHIBITOR:

STAND NO.

NET WEIGHT _____ KG

GROSS WEIGHT_KG

DIMENSIONS: L x W x H (CMS)

V. INSURANCE

As the official tariff is complied on volume of weight basis and has no correlation with the value of exhibits, naturally no insurance has been covered in our charges and work is undertaken by us is owner’s risk. Therefore exhibitors should arrange a proper round-trip all risk insurance policy for their exhibits. It is advisable to insure the exhibits through a company of which the People’s Insurance Company of China is the agent in China. Exhibitors should also bring a copy of the insurance policy to China as it will be required in case we need to file a claim for damage or loss on your behalf.

NOTES

- If container is at Yang Shan seaport , will be charged additional transportation: RMB 1,500.00/20'; RMB 2,800.00/40'
- We do not recommend the dispatch of HAWB(air-cargo) to Shanghai Airport. All HAWB shipments will incur additional agency fees;
- Cargo that arrives earlier than specified, all storage dues will be another charged;
- **SINOTRANS CO.** reserves the right to amend the above rates if in case the exhibition is changed its date, city or venue;
- **SINOTRANS CO.** does not take any responsibility for:
 - a) If any exhibits is not allowed by the Organizer or Chinese Customs to be sold or displayed on fair site,
 - b) Any tax/duty for sold exhibits;
- For goods transported by Currier Service such as UPS, DHL or FEDEX, we will charge it according to our airfreight rate if they can't make custom clearance and let us do it. UPS, DHL, FEDEX
Please note if the receiver address on Currier Air Waybill is exhibition venue, it is not acceptable. Because
 - 1) there are a few exhibitions being held in same exhibition venue in the day. It could make big confusion/delay and take time to the people involved to make it clear that the exhibits is actually for which exhibition.
 - 2) Moreover, according to courier service regulations, the receiver must sign when he receives the cargo from courier.However, it is not obligation for the officer of exhibition venue to do so for you.
The usual way is that the exhibits is arranged to send to our company, we will take care of exhibits and deliver to you when you arrive at hall. It costs you USD 50.00.
- Any service required from exhibitors not covered by tariff should be notified SINOTRANS CO. in advance, quotation will be given upon request.

Emergency Number

Please call: +86 137 6489 5036

The Organizer will immediately engage local fire, ambulance and police services as required, and will escort emergency vehicles through the venue.

Emergency Exits

All emergency exits are marked with green exit signage.

Medical

In the case of an accident/injury, please take following measures:

1. Call the Emergency Number immediately, giving the Organizer the exact location and details of the accident/injury.
2. If possible, help treat/comfort the injured party until qualified help arrives.

Fires

The venue is equipped with fire sprinkler and alarm system.

Portable hand-held fire extinguishers are also located at each gate inside the halls.

If you detect fire or smoke:

1. Activate the nearest fire alarm if possible and safe to do so.
2. Call the Emergency Number immediately, giving the exact location and details of the fire.
3. Leave the exhibition hall immediately by the nearest exit.
4. Close doors behind you.

If you hear a fire alarm:

Remain calm and alert; prepare at once to leave SNIEC.

Evacuation

If you hear a fire alarm evacuation announcement or instruction:

- 1) Leave the SNIEC by the nearest safe exit.
- 2) Follow announcements over the public address system or instructions by SNIEC staff and/or fire/police officials.
- 3) Once outside the SNIEC, stay clear of the venue; do not return until it is declared safe to do so by SNIEC management, or fire/police officials.

The application form of Shanghai Convention & Exhibition Industries Association's exhibition liability insurance

To All Relevant Exhibition Construction and Installation Enterprises:

Exhibitors are responsible for taking out exhibition liability insurance against injury to persons and property of others on their stand, along with their exhibits and merchandise moving to and from the show and during the show. Each exhibitor should have a valid and adequate insurance cover of no less than RMB 5 million (US\$ 0.6 million) against public liability. Exhibitors should contact their insurance broker to cover their exhibits and exhibit materials. The Organizer will not be held responsible for any loss of or damage to exhibits and personal items.

In order to protect the interests of construction and staff at the exhibition site and reduce economic burden on enterprises caused by unexpected incidents, the organizer has jointly designated an insurance company with the conference to assist exhibitors in processing exhibition insurance. Special exhibition booth builders must separately insure each booth they are responsible for, otherwise the special exhibition booth drawing review cannot be passed. All special exhibition booth builders must be insured by the designated Changan Liability insurance company of the conference for the booths they build (contact information is provided below).

Exhibition Construction Liability Insurance

Insurance Scheme:

Cumulative liability limit for exhibition liability insurance: RMB 8 million, individual liability limit per accident: RMB 1 million. Including:

- I. The liability insurance for exhibitions under this policy includes the staff hired by the venue booth during the insured period, and the indemnity for personal injury to the hired staff, including condolence money, medical expenses, and other related expenses: cumulative liability limit: RMB 3 million; individual liability limit per accident: RMB 1 million;
- II. The pension, medical expenses and other related expenses caused by the personal injury of a third party: the cumulative compensation limit: RMB 4 million; The limit of compensation per person per accident: RMB 1 million yuan;
- III. Loss of buildings, various fixed equipment, and ground and foundation of the exhibition venue under this policy: cumulative liability limit RMB 1 million;
- IV. Co-insured parties: exhibitors, builders.

Insurance Service Provider: Changan Liability Insurance Co., Ltd.

Safety Commitment of the Erecting Contractor

We, the erection contractor (hereinafter referred to as “the Contractor”), are committed to strictly obeying the following rules during exhibition hall improvements, booth erection, and dismantling operations within the confines of the Shanghai New International Expo Center Co., Ltd. (hereinafter referred to as the “SNIEC”), so as to ensure the common facilities within the SNIEC are well protected, the construction work is carried out in a safe manner, and the SNIEC is kept quiet, safe, and clean.

1. The Contractor shall strictly abide by the laws, rules and regulations on work safety, fire safety, and labor protection promulgated by the state and Shanghai municipal governments and relevant administrative departments.
2. The Contractor shall take charge to educate its on site workers on work safety, ensuring that the workers carry all relevant work permits, and ensuring that all its workers work with their helmets on and, when working at heights above 2 meters, wear safety harnesses. The Contractor shall urge its transport staff to work according to all relevant safety regulations, and take protective measures to ensure work safety and fire safety according to regulations. The Contractor shall designate a person, who shall be readily recognizable at the site, to take charge of on site day-to-day safety supervision.
3. The workers of the Contractor shall closely follow the rules on the operation and use of the facilities and equipment in and out of the exhibition hall, and facilitate the checking and supervision of the SNIEC's staff on the improvement work.
4. During work execution, the Contractor shall strictly follow the SNIEC's rules on work safety and fire safety; and shall bear all responsibilities and consequences in result of the failure the stipulated rules.
5. For work at height, the worker shall be a holder of a work-at-height permit or other relevant qualifications, and take all appropriate safety measures. Should there be any accident, the Contractor shall bear all responsibilities, liabilities and consequences.
6. During work execution, the Contractor shall keep the constructions, structures, facilities, equipment, and fittings in the exhibition hall clean and well protected. Should there be any damage or pollution, compensation shall be made according to the SNIEC's “Damage Price List of Constructions and Structures” and “Damage Price List of Facilities, Equipment, and Fittings”.
7. Fire and explosion prevention rules shall be strictly observed. Smoking is prohibited in the exhibition hall. No explosives and flammables(such as paint, banana oil, dimethylbenzene, etc.) may be taken into the exhibition hall. No fire, electric furnace and welding equipment may be used within the exhibition hall.
8. Materials must not be stored at the fire exits. All fire exits, safety passages, and common walkways must be kept free of any obstructions.
9. During work execution, no action shall be carried out that may affect the structures and safety of the building.
10. Workers must not undertake other transport tasks that are irrelevant to the designated exhibition, or solicit work from other concurring exhibitions.
11. The Contractor must not subcontract the work of exhibition booth erection or dismantling to individual persons, other private entities or entities that do not carry legal person status and

relevant certifications.

12. The Contractor must not use the materials and facilities for improvement that have been expressly banned by national laws and regulations.

Should there be any consequences due to the Contractor's failure to follow the aforementioned rules, the Contractor will be liable for punishment from the SNIIEC, the sponsors of the exhibition, and the security staff of the exhibition hall, and bear all possible resulting economic and legal liabilities.

If there is any violation of these provisions, the booth contractor will accept treatment and take full responsibility.

Form-5 Order Utilities (Electrical, Air, Water)**Deadline: 5 August, 2024****Order Utilities (Electrical, Air, Water)**[\(Please order online\)](#)

In response to the fire department's safety control requirements for the exhibition site, Further strengthen the implementation of various exhibition site safety work to effectively prevent the occurrence of electrical fire accidents, starting from March 1, 2021, the use of electrical fire monitoring boxes will be fully implemented. The details are as follows:

1. first-class electrical box, As usual, the main site will build statistical needs and declare to the exhibition hall; The secondary electrical box (lighting part) is uniformly replaced by the electrical fire monitoring box. Exhibitors or contractors no longer need to carry secondary electrical boxes (shunt boxes) by themselves. The application method is the same as the first-class electrical box, and the main site is set up to centrally count the number of electrical fire monitoring boxes of the exhibition, and declare to the exhibition hall in a unified manner;
2. The exhibition hall provides the connection of the primary electrical box and the electrical fire monitoring box; The outlet wall of the electrical fire monitoring box is connected by the exhibitor or builder.

Project name	Description	Unit (RMB) (tax included)
Electrical fire monitoring box	15A 380V	350.00
	30A 380V	400.00
	40A 380V	420.00
	60A 380V	450.00
	100 A 380 V	550.00

Electrical Items

No.	Description	Unit (RMB)
1	15A/380V Three Phase Power Point (ONLY FOR LIGHT)	1700.00
2	30A/380V Three Phase Power Point (ONLY FOR LIGHT)	2400.00
3	60A/380V Three Phase Power Point (ONLY FOR LIGHT)	3600.00
4	100A/380V Three Phase Power Point (ONLY FOR LIGHT)	5000.00
5	13 A / 220 V single phase socket (max. 1000 W, only for shell scheme)	800.00
6	15A/380V Three Phase Power Point (Only For Machinery, Refrigerators and Cooking Equipment)	1700.00
7	30A/380V Three Phase Power Point (Only For Machinery, Refrigerators and Cooking Equipment)	2400.00
8	60A/380V Three Phase Power Point (Only For Machinery, Refrigerators and Cooking Equipment)	3600.00
9	100A/380V Three Phase Power Point (Only For Machinery, Refrigerators and Cooking Equipment)	5000.00
10	24Hours Power for Refrigeration Equipment. (Each Refrigeration Equipment should order one)	300.00

- ✧ The shell scheme power socket rated is 500W and not 24hours power. If exhibitor will bring the refrigeration equipment by themselves (not official) Should order 24hours power by themselves.
- ✧ If the exhibitors use the high-power cooking or heating equipment(power more than 1000W) in your booth, exhibitors should apply one separated distribution box by themselves.

Compressed Air

No.	Description	Unit (RMB)
1	0.5HP-5HP (≤0.4m ³ /Min & 8~10kgf/cm ²)	3900.00
2	6HP-10HP (≤0.9m ³ /Min & 8~10kgf/cm ²)	4550.00
3	10HP (10 Bar 1m ³ /Min)	5200.00

MUST BE RETURNED BY ALL RAW SPACE BOOTH

Water Supply

No.	Description	Unit (RMB)
1	Water supply to booth with 10m pipe up & down. Ø 15mm, P. 4kg/cm2	3000.00
2	Water supply to machine with 10m pipe up & down. Ø 20mm, P. 4kg/cm2	4200.00

Notes:

- 220V socket supplied is NOT to be used for lighting connection purpose.
- Exhibitors who are taking space only should order a three phase outlet for lighting purpose.
A separate power outlet should be ordered, if there is a machine to be demonstrated.
- Regarding three phase power point, please email the location of the power point to **SERVE** before 5 August, 2024. Otherwise, 100% surcharge will be required if you move the position of your power point on site.
Additional order received after the deadline 5 August, 2024 subjected to 50% surcharge for any late orders about electrical, water outlet, compress air.
- All orders must be accompanied with full payment. Otherwise, it will be treated as invalid order.
- All bank charge are to be borne by Exhibitors. Exhibitors can exchange for the formal invoice based on receipt or the original order on site.
